What is this product?

Type: Investor shares of a Sub-Fund of an Open-Ended Umbrella Registered Alternative Investment Fund, namely MFO RAIF V.C.I.C. PLC, as provided in the Alternative Investment Fund Law, or in any other law which replaces or amends it. The RAIF is not authorised by CySEC and this registration into the RAIF's Register is not equivalent to authorisation by CySEC.

Term: The Sub-Fund is set up for an indefinite period but may be liquidated in accordance with section 18 of the Fund's Prospectus.

Objectives: The investment objective of the Sub-Fund is to provide attractive, long-term investment returns to investors by investing in a portfolio of private companies mainly focused on minority stakes in venture capital firms. Typically, these private companies will be later stage start-ups that have already achieved some success and are in an expansion phase. The geographic focus of the Sub-Fund is Greece and/or Europe, while it may be exposed to a range of geographic regions. The Sub-Fund may acquire direct interests in portfolio company securities through secondary market transactions from existing holders, or through primary fundraising activities. The Manufacturer intends to focus on companies capitalizing on emerging global trends and invest in private market opportunities that are powered by a strong underlying trend, pursuing a large total addressable market and are established winners or breakout leaders within a category or trend. The Sub-Fund is actively managed without any benchmark reference.

Depository: Eurobank Cyprus Ltd.

SFDR Classification: Article 6

Intended Retail Investor: The Fund is suitable for Professional and Well-Informed investors, who have a long-term investment horizon seeking to achieve primarily capital appreciation and to a lesser extent income generation through exposure to the private equity market. Investors in this Fund must be willing to assume a medium level of investment risk.

Subscriptions and Redemption: Investor can subscribe or redeem their Investor Shares on annual basis at the applicable Net Asset Value calculated based on the provisions of the Fund's Prospectus. There is a redemption notice period of at least 180 calendar days, and the Manufacturer has the right to accept redemptions up to 10% of investors' shares on each redemptions day. The Sub-Fund has a 7-years of lock-up period from the relevant subscription date, where redemptions will not be allowed.

Distribution Policy: The Directors of the Fund may declare dividends in respect of any Investor Shares out of the net income and net realized capital gains (Net Distributable Income) meaning after the payment of or making appropriate provisions (if any) for costs and expenses, as well as working capital requirements of the Sub-Fund, attributable to the said Investor Shares in their absolute discretion were they consider it appropriate to do so.

←----->

Lower risk Higher risk

The risk indicator assumes you keep the product for 7 years. You may not be able to sell your product easily or you may have to sell at a price that significantly impacts on how much you get back.

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose value because

of movements in the markets or because we are not able to pay you. We have classified this product as risk class 4 out of 7, which is a medium risk class.

This rates the potential losses from future performance at a medium level, and poor market conditions could impact our capacity to pay you.

This product does not include any protection from future market performance, so you could lose some or all of your investment. If we are not able to pay you what is owed, you could lose your entire investment. For a full disclosure of risks entailed by investing in this Product please refer to the "Risk Factors" section of its Prospectus.

Performance Scenarios

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of a suitable benchmark over the last 12 years. Markets could develop very differently in the future. What you get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how affect your investment.

Costs over Time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, and how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed:

- In the first year you will get back the amount that you invested (0% annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario;
- EUR 10,000 is invested.

Scenarios	If you exit after 1 year	If you exit after 7 years
Total Costs	50	153
Annual Cost Impact*	0.5%	0.4%

*This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be -11% before costs and -11.4% after costs.
