MFO FUNDS

NOTES TO THE UNAUDITED FINANCIAL STATEMENTS

For the six months ended 30 June 2023

1. GENERAL

MFO FUNDS (“the Fund”) was granted UCITS license No. UCITS 14/78 by the Cyprus Securities and Exchange Commission (“CySEC”), on 17 September 2018. At the reporting date, the Fund consists of one sub fund, namely MFO Balanced Fund (“the Sub Fund”).

The Fund and its Sub Fund, fall into the definition of Article 5 of the Open Ended Undertakings for Collective Investments Law, have no legal personality, and its unitholders are represented in and out of the court by the Management Company, in respect of legal relations arising from management and their rights in the assets. When representing the unitholders, the Management Company acts in their name, and indicates in all events that is acting on behalf of the Fund. The Management Company exercises all rights arising from the assets of each sub fund for the benefit of the unitholders of the specific sub fund.

Each sub fund is a separate asset pool whose assets belong jointly and indivisibly to the unitholders of the sub fund, are held on deposit with the Depositary, and are a collective portfolio, managed by the Management Company for the interest of the unitholders. The unitholders have rights deriving from the assets of the sub fund they participate, and for which units have been acquired, and each sub fund is responsible for liabilities arising from its own establishment, operation or dissolution.

2. BASIS OF PREPARATION

Statement of compliance

The financial statements of the Fund have been prepared in accordance with International Financial Reporting Standards (IFRS) as adopted by the European Union (EU), including International Accounting Standard 34 “Interim Financial Reporting”. The accounting policies used for the preparation of these interim financial statements, are in accordance with those used in the financial statements for the year ended 31 December 2022. These interim financial statements, do not include all the information required for the full annual financial statements prepared in accordance with IFRS. Users of these interim financial statements, should read these in conjunction with the financial statements for the year ended 31 December 2022. These financial statements have not been audited by the external auditors of the Fund.

Use of estimates and judgments

The preparation of financial statements in conformity with IFRS requires the Management Company to make judgments, estimates and assumptions that affect the application of accounting policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised, if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

3. FAIR VALUE MEASUREMENT

The table below analyses financial instruments carried at fair value by valuation method. The different levels of valuation measurement have been defined as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilities.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the assets or liabilities, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).
